

## Trusted, Privacy-First Data

The largest brands in the world look to The Collective for their data needs. From audience enrichment & targeting to premium data and identity solutions that power artificial intelligence, we've got you covered.

### Unprecedented Global Scale

### Flexible Data Solutions

#### Audience Targeting

Build and activate audiences in our self-serve Audience Builder or select from our pre-packaged audience segments.

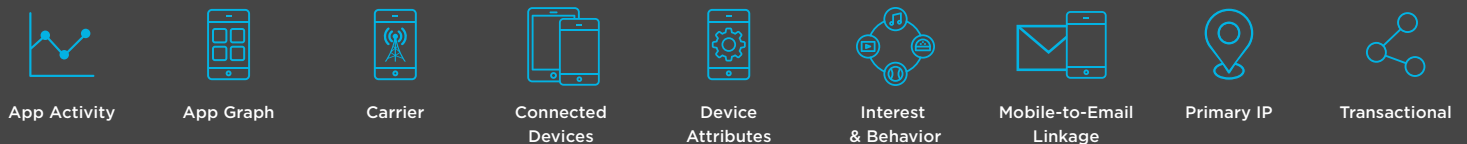

#### Audience Enrichment

Enrich your first-party audience data to build holistic, 360-degree profiles to better understand your customers.

#### Data Feeds

License premium data for your own identity graph, business intelligence, and AI-driven solutions.

### Rich Data Categories

### 100% Privacy-First Data

*All data within The Collective is responsibly sourced with adherence to applicable consumer privacy regulations based on device platforms, operating systems, and/or government & regulatory agencies.
